

*Are you caring
for someone who is ill?*

Let us care for you ...

Family and relative support is for you as a carer

Are you caring for someone who is sick or elderly or who has a physical disability – a relative, a good friend or a neighbour? Do you feel you are bearing all the responsibility alone?

In that case, contact us at the municipality. Here you will find support, advice and assistance with relief. We are there for you as a carer – and we'd prefer to help before you burn yourself out ...

Family and relative support is a municipal service. It costs nothing to visit us or to obtain help, support and advice. We maintain confidentiality and we treat all concerned with respect and warm-heartedly.

The earlier you come to us the better, we think.
Even if you want nothing more than to care for the
person who is ill, you are going to need support sooner
or later. Come and get to know us and see what we
have to offer, it can often mean more than you think.

We look forward to seeing you, we are here – and we
just want to be allowed to help.

When will you come?

*A warm welcome
awaits you at Family
and Relative Support
in Hedemora municipality*

Kontakta vår anhörigsamordnare på telefon 0225-340 33,
du når oss alla vardagar kl. 08.30–09.30!
